Council Reads Ordinance But Emergency Clause, Is Not Applied

With police department funds exhausted, Safety Director Karl Herrmann, Friday, issued an order to Police Chief William McCrady to discontinue operation of police cruisers, make no purchases of any kind and hire no extra patrolmen.

The safety director's order to Chief McCrady reads:

"Since the funds appropriated for the operation of the police department for 1941 have become depleted in several departments and no further appropriations have been made by City Council, it is necessary to immediately comply with the following regulations governing the operation of the police department:

1. The operation or use of the police cruisers must be discontinued at once. This can be best accomplished by removing the ignition keys and keeping them in your possession.

2. No purchases of any kind are to be made for supplies for the police department.

3. No extra patrolmen shall be hired at any time. Should a patrolman be on vacation or be off duty because of illness, it will be necessary to arrange the schedule of working hours of those remaining on duty to the best advantage."

Chief McCrady said he had taken the ignition keys from the cruisers and ordered his patrolmen not to use either of them.

Ordinance Read Once

The safety director's action follows City Council's refusal Wednesday night to pass, under suspension of the rules, an appropriation ordinance calling for additional funds for the police department. When the ordinance was introduced, the safety director warned that unless additional funds could be secured, the police cruisers would have to be taken from the streets since there was no money available to pay for repairs or gasoline. The ordinance called for an addition of \$500 to the police "incident fund," \$300 to the "special police fund" and \$300 to the "maintenance of equipment fund." Council Wednesday night did not reject the ordinance entirely, however, it merely permitted the measure to go through its first reading without calling for its passage as an emergency measure.

Mayor W. B. Cady previously has informed Council that beginning the first of August the police department will have to add additional men to comply with the state 8-hour-a-day law for policemen or go without police protection part of the time.

Although Council has called for a 1½ mill two-year levy to provide money for current operating expenses the levy will not be submitted to the voters until the primary election and should the levy pass no revenue from it could be expected before the middle of August, even through the issuance of anticipatory notes.

ERRORS CHARGED IN DAMAGE SUIT RESULT OF BLAST

Defense attorneys in the \$14,000 damage action of Marjorie Brown Sobers against Karl O. Drum and Paul D. Miller, administrators of the estate of Mary M. Kuhns, filed motion Friday for a new trial in Common Pleas Court. Defense attorneys are Charles Gerhardt and E. A. Smith.

The court, with Judge Phil Henderson of Logan on the bench, erred in the following ways in granting Mrs. Sobers \$8,700 damages, the motion charged: 1. In admitting certain evidence offered by the plaintiff over the objection of the defendants; 2. In rejecting certain evidence offered by the defendants; 3. In refusing to give the jury before commencing arguments certain written instructions requested by the defendants; 4. In the general charge to the jury; 5. In the amount of damages granted, which were excessive; 6. The verdict was not sustained by the weight of the evidence; 7. Other errors appearing in the record.

After a two-day session in which 19 witnesses were questioned, the jury granted Mrs. Sobers \$8,700 damages for injuries she received in a gas explosion at the Kuhns residence on West High Street.

ALL UNCLE SAM'S CONSULATES MUST BE SHUT JULY 15

Americans Aiding British, By Activities In Occupied Lands, Spokesman Charges; Retaliatory Action Being Denied

CLERKS IN MANY AREAS AFFECTED

Washington Studies Possibilities Of Diplomatic Break At Early Date

BERLIN, June 20—The German government today denied the charge of "retaliation" concerning its request that United States consular offices and American Express bureaus in Germany and German-occupied territories be closed by July 15.

On the contrary, a Wilhelmstrasse spokesman insisted, Germany has long had conclusive evidence that American officials in the Reich have been actively engaged in aiding espionage work on behalf of Great Britain.

"The time to move against American consulates was over-ripe," the spokesman said.

"Germany held her hand until now merely for the sake of undisturbed German-American relations."

"It is not true that our action was in retaliation for the American action in closing German consulates and tourist agencies in the United States."

American quarters frankly and bluntly deprecated the German charges of espionage. They said German authorities never once mentioned "such a possibility" or called any such matters to the attention of United States authorities.

These quarters claimed that there "is nothing in the international code" to prevent diplomatic consular officers of different nations from communicating with each other or exchanging "legitimate information."

Killefirth In America
Answering the German charges against Alfred W. Killefirth, consul at Cologne, it was claimed he was in America during the invasion of Holland.

The German foreign office charged that Killefirth engaged in espionage in the fall of 1939 and the spring of 1940, agreeing to exchange code messages with the Belgian consul-general regarding the German invasion of the low countries.

The closing order affects 12 consulates in German-occupied areas and 10 in Germany, 44 consular officers in occupied lands and 30 in Germany—all exclusive of Berlin.

Here the embassy and consular offices are so intertwined that segregation would be difficult.

Mosquitoes Begin Their Summer Campaign in City

If Circleville's mosquitoes increase the intensity of their offensive in the same degree in which the sun increases the power of its summer rays, then Circleville folk had better watch out.

The annual pests have heralded their arrival earlier this year than usual, and apparently all are hungry, because they are taking healthy bites at many of the townspeople. Big red welts are appearing on many arms, necks and faces, and the mosquito campaign is hardly under way.

The extreme wet weather of the last couple of weeks has caused them to invade the precincts of the county seat in great numbers, and all of the invaders are apparently bee on just one thing, making every one as disagreeable as possible.

CHICAGO, June 20—Chicagoans were warned today that a goodly number of them will be stung in the next day or so.

The warning came from five inspectors of the Suburban Mosquito Abatement District, who, after testing the current "rate of bite" in mosquito-bearing lowland areas outside the city, decided Chicago was in for an invasion of the pests.

Mosquito-testing, as done by the inspectors, calls for baring the arms in sections where mosquitoes are known to be breeding. From the number of bites received in a given length of time, according to officials, it can be determined whether the insects are gathering in force.

Tax Burden On Lowest Bracket Up

Ways, Means Committee Puts Approval On New Schedule

WASHINGTON, June 20—Having approved a new personal income tax schedule which will triple the tax burden on the lowest bracket payers, House Ways and Means Committee members today face the problem of raising an additional \$850,000,000 in unpopular excise levies.

The committee voted new rates for individuals and corporations designed to raise an additional \$2,400,000,000 yearly and then adjourned until Monday when it will seek ways and means to add another \$1,100,000,000 to this to attain the tax goal.

Members said this will be done by boosting estate and gift taxes about as high as they can to net some \$150,000,000 and then obtain \$850,000,000 or more by raising the so-called "hidden" taxes on such commodities as gasoline, beer, liquor, and tobacco.

Meanwhile, the tax experts conceded there will be opposition when the bill comes to the floor, probably next month, to the tremendous boost in the lower bracket personal income levies.

Although the increases are not as drastic as was previously suggested by the treasury, the committee voted to impose surtaxes starting at 5 percent on the first dollar of taxable income, and to graduate this surtax up to 75 percent which is now paid by persons earning \$5,000,000 a year.

This surtax will be over and above the normal 4 percent tax base rate and means that the

JULY 1 IMPORTANT DATE

Union Chief Says Men Put Out Of Work By Ship Transfers In Need

WASHINGTON, June 20—President Roosevelt and his National Defense Mediation Board today were asked to intervene in a strike threatened for July 1 which would tie up all cargoes bound for Great Britain under the lease-lend program.

The appeal was made by Joseph Ryan, head of the A. F. of L.'s International Longshoremen's Union, and his plea for presidential intervention was backed up by George Harrison, president of the A. F. of L.'s Brotherhood of Steamship Clerks and Deckhands.

The strike is threatened, according to Ryan, because of what he charges was failure of the U. S. Maritime Commission to provide for stevedores and seamen who had been thrown out of work by transfer of vessels to Great Britain.

If called, the strike will affect about 30,000 stevedores and dock checkers in all Atlantic and Gulf Coast ports. Ryan declared that he does not want to have to call the walkout.

"I am as patriotic as anybody," he said, "and I do not want to hamper the defense program. However, something must be done for these men."

700 Already Out

About 700 members of Ryan's union are now on strike against the Morgan lines in New York. Ten Morgan ships were recently taken over by the Maritime Commission.

The A. F. of L. leader said that his men "are getting impatient and are threatening a real strike" if the Maritime Commission does not make provisions to care for men who are thrown into idleness by the Commission's acquisition of ships.

He said, however, that he will "hold the men in line" until all

Fate of Orient School To Be Decided in Court

CCC TO SET UP CAMP IN CITY

Heise Land In East End To Be Taken Over July 1 For Fifty Youths

On July 1 the War Department will take over four acres of ground at the end of East Mound Street for the establishment of a CCC camp, according to official sources Friday.

The land, a pasture lot at the end of East Mound Street, between Mound and Franklin, has been leased for five years by the War Department from Mrs. O. K. Heise, 624 East Mound Street.

Mr. Heise said Friday that War Department officials had brought the lease for the property late Thursday and that the deal, which has been under consideration for the last two months, is officially closed.

War Department officials told Mr. Heise that they would take over the property on July 1, setting up five buildings, with facilities for fifty CCC boys. Two of the buildings, to be 120 by 40 feet in dimension, will provide dormitory space for the boys, with three other smaller buildings set up for supplies and other uses, the government officials said.

With the work starting the first of July, it is generally believed that the whole camp will be

Welles Present As Chief Executive Puts Final Touch On Statement

WASHINGTON, June 20—The White House today announced President Roosevelt will send a highly important special message to congress during the afternoon.

White House officials would not divulge the nature of the document in advance. Pressed on the question if the message would have anything to do with the increasingly strained relations between the United States and the axis powers, Presidential Secretary Stephen T. Early replied: "I don't think it will appear anywhere except on the front page."

The chief executive cancelled his customary Friday morning press conference and called acting Secretary of State Sumner Welles into conference while he prepared the message.

Before seeing Welles, the President had consulted with Secretary of State Cordell Hull—who is ill—by telephone.

The 2,000-word text, of the special message, Early estimated, would be completed some time in the afternoon. He said that the President had been working in his study for some two hours earlier in the morning on the document.

A reporter asked Early whether it had to do with U. S. retaliation for the Italian action in closing all American consulates. The secretary said that idea was "cold."

MOSCOW SERENE DESPITE RUMOR OF REICH BREAK

LONDON, June 20—Europe's air waves still vibrated today with the new war of nerves centering around Soviet Russia and hinting at more trouble between the Red colossus and the Nazi Reich.

But a Reuters (British) dispatch from Moscow indicated that Moscow — outwardly at least — remains serenely unperturbed despite the bedlam of rumors, counter-rumors and "planted" stories circulating by radio from half a dozen capitals.

This dispatch said that nothing was known in Moscow of any German "demands" on Russia and added: "Responsible observers have grounds to believe that neither Germany nor Romania has approached Russia."

"There are no signs of a crisis. Streets of the capital are thronged with young men and women who would be called up in the event of a general mobilization."

OLDEST CONDEMNED MAN MUST DIE AS SLAYER

CANON CITY, Colo., June 20—Seventy-six-year-old "Mancos Jim" Stephens, believed to be the oldest person in the nation ever condemned to die, is scheduled to go to his death tonight in Colorado's lethal gas chamber.

"I'm ready," the aged slayer told State Prison Warden Roy Best today. "There's little hope anyone will do anything for me now."

Stephens' last appeal for life was lost several days ago when Gov. Ralph L. Carr declared that not even his advanced age warranted modification of the death penalty.

"Mancos Jim" was convicted for fatally shooting Lynn Dean, 25-year-old town marshal at Mancos, Colo., Oct. 9, 1939, when the officer attempted to arrest him for drunkenness.

With police department funds exhausted, Safety Director Karl Herrmann, Friday, issued an order to Police Chief William McCrady to discontinue operation of police cruisers, make no purchases of any kind and hire no extra patrolman.

The safety director's order to Chief McCrady read:

"Since the funds appropriated for the operation of the police department for 1941 have become depleted in several departments and no further appropriations have been made by City Council, it is necessary to immediately comply with the following regulations governing the operation of the police department:

1. The operation or use of the police cruisers must be discontinued at once. This can be best accomplished by removing the ignition keys and keeping them in your possession.

Chief McCrady said he had taken the ignition keys from the cruisers and ordered his patrolmen not to use either of them.

Ordinance Read Once

The safety director's action follows City Council's refusal Wednesday night to pass, under suspension of the rules, an appropriation ordinance calling for additional funds for the police department. When the ordinance was introduced, the safety director warned that unless additional funds could be secured, the police cruisers would have to be taken from the streets since there was no money available to pay for repairs or gasoline. The ordinance called for an addition of \$500 to the police "incident fund," \$300 to the "special police fund" and \$300 to the "maintenance of equipment fund." Council Wednesday night did not reject the ordinance entirely, however, it merely permitted the measure to go through its first reading without calling for its passage as an emergency measure.

Mayor W. B. Cady previously has informed Council that beginning the first of August the police department will have to add additional men to comply with the state 8-hour-a-day law for policemen or go without police protection part of the time.

Although Council has called for a 1½ mill two-year levy to provide money for current operating expenses the levy will not be submitted to the voters until the primary election and should the levy pass no revenue from it could be expected before the middle of August, even through the issuance of anticipatory notes.

Leist, attorney for the Scioto Township school board, admitted Thursday the complaints set forth in the petition, but denied that such complaints constituted a cause of action. The demurrer was submitted to Judge Phil Henderson of Logan, who may return to Circleville with a decision next week.

Controversy between dissatisfied parents of Orient pupils and the Scioto board broke into court litigation last fall when the board assigned Orient pupils to the Commercial Point school, maintaining that the enrollment at the school was insufficient to provide the school with state aid. The board maintained that it had authority to assign the pupils of Or-

CCC TO SET UP CAMP IN CITY

Heise Land In East End To
Be Taken Over July 1
For Fifty Youths

On July 1 the War Department will take over four acres of ground at the end of East Mound Street for the establishment of a CCC camp, according to official sources Friday.

The land, a pasture lot at the end of East Mound Street between Mound and Franklin, has been leased for five years by the War Department from Mrs. O. K. Heise, 624 East Mound Street.

Mr. Heise said Friday that War Department officials had brought the lease for the property late Thursday and that the deal, which has been under consideration for the last two months, is officially closed.

War Department officials told Mr. Heise that they would take over the property on July 1, setting up five buildings, with facilities for fifty CCC boys. Two of the buildings, to be 120 by 40 feet in dimension, will provide dormitory space for the boys, with three other smaller buildings set up for supplies and other uses, the government officials said.

With the work starting the first of July, it is generally believed that the whole camp will be

Welles Present As Chief
Executive Puts Final
Touch On Statement

WASHINGTON, June 20 — The White House today announced President Roosevelt will send a highly important special message to congress during the afternoon.

White House officials would not divulge the nature of the document in advance. Pressed on the question if the message would have anything to do with the increasingly strained relations between the United States and the axis powers, Presidential Secretary Stephen T. Early replied: "I don't think it will appear anywhere except on the front page."

The chief executive cancelled his customary Friday morning press conference and called acting Secretary of State Sumner Welles into conference while he prepared the message.

Before seeing Welles, the President had consulted with Secretary of State Cordell Hull—who is ill—by telephone.

The 2,000-word text, of the special message, Early estimated, would be completed some time in the afternoon. He said that the President had been working in his study for some two hours earlier in the morning on the document.

A reporter asked Early whether it had to do with U. S. retaliation for the Italian action in closing all American consulates. The secretary said that idea was "cold."

MOSCOW SERENE DESPITE RUMOR OF REICH BREAK

LONDON, June 20 — Europe's air waves still vibrated today with the new war of nerves centering around Soviet Russia and hinting at more trouble between the Red colossus and the Nazi Reich.

But a Reuters (British) dispatch from Moscow indicated that Moscow — outwardly at least — remains serenely unperturbed despite the bedlam of rumors, counter-rumors and "planted" stories circulating by radio from half a dozen capitals.

This dispatch said that nothing was known in Moscow of any German "demands" on Russia and added: "Responsible observers have grounds to believe that neither Germany nor Romania has approached Russia."

"There are no signs of a crisis. Streets of the capital are thronged with young men and women who would be called up in the event of a general mobilization."

OLDEST CONDEMNED MAN MUST DIE AS SLAYER

CANON CITY, Colo., June 20 — Seventy-six-year-old "Manco Jim" Stephens, believed to be the oldest person in the nation ever condemned to die, is scheduled to go to his death tonight in Colorado's lethal gas chamber.

"I'm ready," the aged slayer told State Prison Warden Roy Best today. "There's little hope anyone will do anything for me now."

Stephens' last appeal for life was lost several days ago when Gov. Ralph L. Carr declared that not even his advanced age warranted modification of the death penalty. "Manco Jim" was convicted for fatally shooting Lynn Dean, 25-year-old town marshal at Manitou, Colo., Oct. 9, 1939, when the officer attempted to arrest him for drunkenness.

Unit Of 50 Men Officially Completed; Small Towns May Be Later

While neighboring cities are announcing the organization of Ohio State Guard Units, officials in Circleville who might be connected with such a program report they have received no information from the office of Adjutant General Whittier S. Bird concerning the appointment of an officer for Circleville.

Mayor W. B. Cady said Friday he knew nothing about the establishment of a unit in the city and James T. Shea, commander of the Howard Hall Post, American Legion, made a similar report. With an armory located in the city, however, officials were inclined to believe that such a unit would be set up here, but that appointments were being made for larger cities of the state first.

Chillicothe became the first city in the state to complete mobilization of its State Guard Unit when 50 men were mustered at Memorial Armory Thursday night to form Company A, Second Regiment, O. S. G.

Among those to participate in the "muster" procedure at the Chillicothe Armory was Adjutant General Bird, accompanied by Colonel Wade C. Christie of Columbus. Company officers include Captain Ira M. Korst and Lieutenants Harry B. Ankrom and Edward B. Rosser.

Lancaster officials have announced that a home guard company probably would be established there and report that a definite decision is expected to be made within the next few days.

The home guard of 2,000 men, including officers, is being organized in Ohio under a law passed by the state legislature. The units will supplement the work of the National Guard, now in active duty.

NEW YORK, June 20—A man identified by police as Emory Miller, 44, Chicago, was dead today, the victim of a plunge from the 29th floor window of the Hotel St. George in Brooklyn. The body landed on a balcony on the 26th floor.

Identification was made by police from a Social Security Card found in the victim's room in the hotel. Police said he was a student in a special U. S. Treasury School being conducted at the ho-

tel for ex-service men. Among papers found in his room were a discharge from the Capt. Edward Hines Jr. Hospital, Hines, Ill., and a letter from the Treasury Department addressed to Miller at Oklahoma City.

He was one of 300 men taking a 45-day course for collectors of internal revenue.

AVIATRIX FLIES BOMBING PLANE FOR USE BY RAF

LONDON, June 20 — Bubbling over with enthusiasm for the plane, Jacqueline Cochran described today how she flew a Lockheed Hudson (American-built) bomber across the Atlantic from Canada to Britain for service with the R.A.F.

The famous aviatrix who is America's No. 1 woman flier and the first woman to pilot an American-built bomber to Britain, told International News Service:

"I had a wonderful trip. It was completely without incident. The weather has been perfect."

"My only companion was Capt. Graf E. Carlisle, who was captain of the aircraft while I was first officer. He did the navigating and I was at the controls the whole way over."

"The ship was wonderful to handle. I have flown all the types of Lockheeds that have been built, but this was my first Atlantic flight."

"We ate sandwiches, hard boiled eggs and tomato juice during the flight."

With feminine concern for her appearance, Miss Cochran wore a summer frock when she was interviewed. She refused to be photographed in the jacket and slacks she wore during the trans-Atlantic journey.

"My slacks need pressing," she said. "I can't be photographed in them."

"I may fly bombers but I am still feminine."

She revealed she brought three dozen pairs of silk stockings with her—enough to make her the envy of every other woman in England.

Miss Cochran said she expects to fly back to America although her plans have not been completed. She also hopes to fly more American bombers to England.

WOMAN, HEAD OF GANG, REPRIVED FROM GAS CELL

SAN QUENTIN, Cal., June 20 —Temporarily saved from becoming the first woman ever legally put to death in California, Mrs. Juanita ("the Duchess") Spinelli, gaunt 52-year-old mother and convicted head of a murder gang, was to be taken back to Tehachapi women's prison today.

Due to be executed in San Quentin's gas chamber this morning, Mrs. Spinelli late last night was given a 30-day reprieve by Gov. Culbert L. Olson, who said the trial judge and the jury foreman had urgently requested a consultation with him.

"Thank God — he has listened to my prayers," the condemned woman exclaimed when Warden Clinton Duffy informed her of the reprieve.

"I hope he will find a way to get the truth," she said. "Possibly Mike will tell the truth now."

She referred to her common-law husband, Mike Simeone, 33, who, with Gordon Hawkins, 22, likewise won a 30-day reprieve. She had contended that Simeone, former white-slaver, was the real head of the holdup-murder gang.

REICH ASSAILS U. S. ESPIONAGE

They now will be fused completely into the embassy which will continue uninterrupted and unchanged operations in the huge, gloomy old Bluecher Palace alongside Brandenburg gate. Forty-seven American clerks must leave Germany, plus those at Brussels, Antwerp, Paris, Bordeaux, Athens, Salonika, Luxembourg, Amsterdam, Rotterdam, Oslo, Bergen and Belgrade.

WASHINGTON, June 20 — The State Department today is giving active consideration to the question of whether continued maintenance of diplomatic relations with Germany and Italy will serve any useful purpose.

This does not mean any decision has been reached to sever relations with the two leading axis powers. That decision will be left up to President Roosevelt.

However, those who are charged with handling American foreign policy at the State Department feel that relations with Germany and Italy are deteriorating so rapidly that the latest development—the Italo-German order expelling American consuls from practically all axis-controlled territory in Europe—calls for consideration of the broader aspects of America's diplomatic relationship with the two European axis powers.

Informed quarters said it may be that President Roosevelt will consider the situation does not justify any severance of relations, even if the State Department recommends such action.

Action To Be Answered

In such an event, the State Department will act only on the Italian government's order expelling American consuls from Italy. While American officials are convinced Rome's move was inspired if not dictated by Berlin, they nevertheless feel this government cannot let Italy's action go unanswer.

The belief prevails generally that Italian consuls in the United States will be ordered home not much later than July 15th, the date set for withdrawal of American consuls in Italy.

ROME, June 20—United States embassy authorities in Rome revealed a hitch today in plans to evacuate members of the United States consular staffs and other Americans from Italy.

The Italian government yesterday ordered withdrawal of American consular officials from Italy and Italian-occupied territory by July 15 and reserved the right to take similar steps against the American Express Company.

Today, however, it was revealed that plans to evacuate the Americans are at present held in suspense because all the United States embassy and consular funds have been frozen by the Italian government.

Italian banks are not honoring United States drafts and are not paying remittances from New York. Italian transportation services likewise are refusing to deliver tickets paid for in New York.

R. A. F. CONTINUES BIG OFFENSIVE ON REICH AREAS

LONDON, June 20—British bombers poured tons of heavy high explosive missiles on western Germany and a huge area stretching from Wesel in the Rhineland to Boulogne on the Nazi-occupied French coast last night and early today.

An Air Ministry communique said British planes attacked objectives in the German cities of Cologne and Dusseldorf and added that two RAF craft were missing.

The widespread raid was the ninth successive RAF assault on these areas.

Numerous objectives in the important industrial region of western Germany were attacked by the British long-range bombers, which have dropped many thousands of bombs on industrial plants and railroad communications in this area in recent nights.

(Editor's Note: An official German announcement said that "weak RAF formations" penetrated western Germany during the night but were quickly intercepted by anti-aircraft defenses. The raiders were declared to have caused "some minor damage to residential districts" with incendiary and explosive bombs.)

LABOR DISPUTES MUST BE ENDED, GENERAL AVERS

MINNEAPOLIS, June 20—Demanding an end to the turbulent labor situation, Brig. Gen. Lewis B. Hershey, acting draft director, today declared that a million and a half young men are now waiting for guns, ships and airplanes and that the arrival time of the much needed equipment "may be measured in blood—blood of your sons and mine."

Gen. Hershey told the annual U. S. Junior Chamber of Commerce that "you and I and the government have the right to demand that management and labor find some other methods than delay as a means of negotiating their differences."

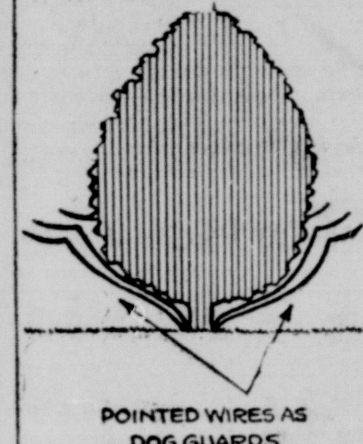

Urging the immediate and important need for putting the nation's house in order, Hershey said liberty and license have been sadly confused in this country.

"Men for profit, have encroached on the economic liberties of the many," he asserted. "The very size of our industrial organizations has removed management from personal touch with those who labor. This condition has been unfortunate, most unfortunate for management. It has been equally unfortunate for those who labor. It has been a basic cause for the widening of the gap between groups who have all in common. Profits cannot be certain from inefficient dissatisfied labor."

"Wages will not continue indefinitely with stupid and inefficient management. It has been a tragedy that the misunderstandings of these two supplementary groups should have reached such dangerous proportions."

Boys staying at the camp will be enrolled as apprentices at the CCC repair shop at Clinton and Half Avenue, Al Middendorf, superintendent at the repair shop, said Friday that he had received no information from the War Department on the camp, but that he knew such a project was under way. The boys will be given regular schooling at the shop, he said, and as fast as they can be trained they will be shipped out and other boys brought in. With the lease running for a period of five years, the school is expected to be a fairly permanent program.

All supplies for the camp, except a small amount of canned goods, will be purchased locally, the government men told Mr. Heise. The camp will be under strict supervision of officers with strict regulations on the boys' conduct and behavior.

A. F. L., Ohio Bell DISPUTE HURTS PLANE FACTORY

COLUMBUS, June 20—A strike threat at the \$12,000,000 Curtiss-Wright plane factory at Port Columbus flared into the open today as a dispute between American Federation of Labor officials and the Ohio Bell Telephone Company was revealed.

A. F. of L. officials asserted that "all building tradesmen will be pulled off the job if necessary" on construction of the National Defense plant if the dispute is not settled. The controversy started when 156 electrical workers walked off the job in protest to the installation of equipment by the telephone company with non-union men.

If all workers affiliated with the Columbus Federation of Labor are called off the job, between 1,400 and 1,700 employees would be affected and result in the discontinuance of construction work, now about 90 percent completed.

At a federation meeting, every union connected with the Building Trades Council (A. F. L.) voted unanimously to "support the electrical workers in their walkout."

Arthur Bennett, national vice president of the International Brotherhood of Electrical Workers, came to Columbus from Cleveland to attend the strike meeting. Bennett asserted that "at all other Curtiss-Wright plants under construction, we have installed telephone equipment and there is no reason why we can not do it at the Port Columbus plant."

Meanwhile, Paul Denning, district commercial manager of the telephone company, declared that the installation probably would be completed today.

It was understood the Office of Production Management in Washington had been informed of the dispute and that an OPM representative may come to Columbus.

Elmer Dodd, who is recovering after an eye operation, was taken to his home in Pickaway Township, Friday, from Berger Hospital.

Mrs. Raymond Tomlinson and baby girl of 210 Huston Street were taken home Friday from Berger Hospital.

James Stonerock of Logan Street is making a good recovery after a recent major operation.

Paul B. Brown, son of the late Trustin P. Brown, has been named administrator of his father's estate. The estate is estimated at \$4,500 personal property and \$8,000 real estate. Besides the son, the widow, Sophia C., is listed as next of kin.

AVIATRIX FLIES BOMBING PLANE FOR USE BY RAF

LONDON, June 20—Bubbling over with enthusiasm for the plane, Jacqueline Cochran described today how she flew a Lockheed Hudson (American-built) bomber across the Atlantic from Canada to Britain for service with the R.A.F.

The famous aviatrix who is America's No. 1 woman flier and the first woman to pilot an American-built bomber to Britain, told International News Service:

"I had a wonderful trip. It was completely without incident. The weather has been perfect.

"My only companion was Capt. Graf E. Carlisle, who was captain of the aircraft while I was first officer. He did the navigating and I was at the controls the whole way over.

"The ship was wonderful to handle. I have flown all the types of Lockheeds that have been built, but this was my first Atlantic flight.

"We ate sandwiches, hard boiled eggs and tomato juice during the flight.

With feminine concern for her appearance, Miss Cochran wore a summer frock when she was interviewed. She refused to be photographed in the jacket and slacks she wore during the trans-Atlantic journey.

"My slacks need pressing," she said. "I can't be photographed in them."

"I may fly bombers but I am still feminine."

She revealed she brought three dozen pairs of silk stockings with her—enough to make her the envy of every other woman in England.

Miss Cochran said she expects to fly back to America although her plans have not been completed. She also hopes to fly more American bombers to England.

WOMAN, HEAD OF GANG, REPRIVED FROM GAS CELL

SAN QUENTIN, Cal., June 20—Temporarily saved from becoming the first woman ever legally put to death in California, Mrs. Juanita ("the Duchess") Spinelli, gaunt 52-year-old mother and convicted head of a murder gang, was to be taken back to Tehachapi women's prison today.

Due to be executed in San Quentin's gas chamber this morning, Mrs. Spinelli late last night was given a 30-day reprieve by Gov. Culbert L. Olson, who said the trial judge and the jury foreman had urgently requested a consultation with him.

"Thank God—he has listened to my prayers," the condemned woman exclaimed when Warden Clinton Duffy informed her of the reprieve.

"I hope he will find a way to get the truth," she said. "Possibly Mike will tell the truth now."

She referred to her common-law husband, Mike Simeone, 33, who, with Gordon Hawkins, 22, likewise won a 30-day reprieve. She had contended that Simeone, former white-slaver, was the real head of the holdup-murder gang.

REICH ASSAILS U. S. ESPIONAGE

They now will be fused completely into the embassy which will continue uninterrupted and unchanged operations in the huge, gloomy old Bluecher Palace along-side Brandenburg gate. Forty-seven American clerks must leave Germany, plus those at Brussels, Antwerp, Paris, Bordeaux, Athens, Salonika, Luxembourg, Amsterdam, Rotterdam, Oslo, Bergen and Belgrade.

WASHINGTON, June 20—The State Department today is giving active consideration to the question of whether continued maintenance of diplomatic relations with Germany and Italy will serve any useful purpose.

This does not mean any decision has been reached to sever relations with the two leading axis powers. That decision will be left up to President Roosevelt.

However, those who are charged with handling American foreign policy at the State Department feel that relations with Germany and Italy are deteriorating so rapidly that the latest development—the Italo-German order expelling American consuls from practically all axis-controlled territory in Europe—calls for consideration of the broader aspects of America's diplomatic relationship with the two European axis powers.

Informed quarters said it may be that President Roosevelt will consider the situation does not justify any severance of relations, even if the State Department recommends such action.

Action To Be Answered

In such an event, the State Department will act only on the Italian government's order expelling American consuls from Italy. While American officials are convinced Rome's move was inspired if not dictated by Berlin, they nevertheless feel this government cannot let Italy's action go unanswered.

The belief prevails generally that Italian consuls in the United States will be ordered home not much later than July 15th, the date set for withdrawal of American consuls in Italy.

ROME, June 20—United States embassy authorities in Rome received a hitch today in plans to evacuate members of the United States consular staffs and other Americans from Italy.

The Italian government yesterday ordered withdrawal of American consular officials from Italy and Italian-occupied territory by July 15 and reserved the right to take similar steps against the American Express Company.

Today, however, it was revealed that plans to evacuate the Americans are at present held in suspense because all the United States embassy and consular funds have been frozen by the Italian government.

Italian banks are not honoring United States drafts and are not paying remittances from New York. Italian transportation services likewise are refusing to deliver tickets paid for in New York.

R. A. F. CONTINUES BIG OFFENSIVE ON REICH AREAS

LONDON, June 20—British bombers poured tons of heavy explosive missiles on western Germany and a huge area stretching from Wesel in the Rhineland to Boulogne on the Nazi-occupied French coast last night and early today.

An Air Ministry communique said British planes attacked objectives in the German cities of Cologne and Dusseldorf and added that two RAF craft were missing.

The widespread raid was the ninth successive RAF assault on these areas.

Numerous objectives in the important industrial region of western Germany were attacked by the British long-range bombers, which have dropped many thousands of bombs on industrial plants and railroad communications in this area in recent nights.

(Editor's Note: An official German announcement said that "weak RAF formations" penetrated western Germany during the night but were quickly intercepted by anti-aircraft defenses. The raiders were declared to have caused "some minor damage to residential districts" with incendiary and explosive bombs.)

LABOR DISPUTES MUST BE ENDED, GENERAL AVERS

MINNEAPOLIS, June 20—Demanding an end to the turbulent labor situation, Brig. Gen. Lewis B. Hershey, acting director, today declared that a million and a half young men are now waiting for guns, ships and airplanes and that the arrival time of the much needed equipment "may be measured in blood—blood of your sons and mine."

Gen. Hershey told the annual U. S. Junior Chamber of Commerce that "you and I and the government have the right to demand that management and labor find some other methods than delay as a means of negotiating their differences."

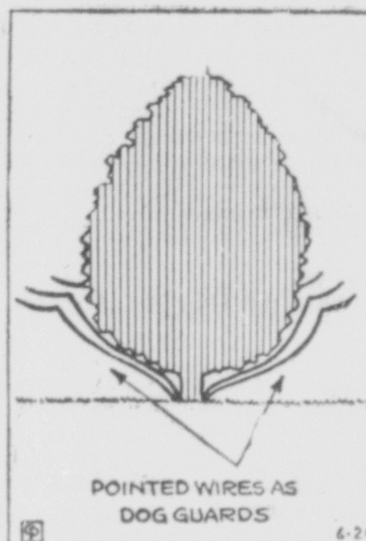

Urging the immediate and important need for putting the nation's house in order, Hershey said liberty and license have been sadly confused in this country.

"Men for profit, have encroached on the economic liberties of the many," he asserted. "The very size of our industrial organizations has removed management from personal touch with those who labor. This condition has been unfortunate, most unfortunate for management. It has been equally unfortunate for those who labor. It has been a basic cause for the widening of the gap between groups who have all in common. Profits cannot be certain from inefficient dissatisfaction labor."

"Wages will not continue indefinitely with stupid and inefficient management. It has been a tragedy that the misunderstandings of these two supplementary groups should have reached such dangerous proportions."

Today's Garden-Graph

Sometimes it becomes necessary for even the most ardent lover of dogs to take measures to protect shrub from burning by their pets or roving strays.

Keeping canines away from shrubs

The use of pointed wire guards to ward off canines is illustrated in the Garden-Graph. A V-shaped wedge is pushed into the ground, and the triple wire strands curve out and rise to end in sharp points.

Another effective means of keeping dogs and cats away from evergreen or other plantings, is to spray the edge of the shrubbery with a diluted solution of nicotine sulphate. This spray is harmless. Such a spray will have to be repeated about once every two weeks.

Wife Of Former Pastor Honored By 125 At Tea

Mrs. E. S. Toensmeier Guest At Church Manse

Mrs. Robert T. Kelsey of East Mound Street entertained at a June Tea Thursday at the manse, the women of the First Presbyterian Church being asked to greet Mrs. E. S. Toensmeier of Kent, Conn., wife of a former pastor. Officers of the various women's organizations assisted Mrs. Kelsey.

One hundred and twenty-five guests called between the hours of 2 and 6 p. m. Lovely arrangements of garden flowers made a colorful setting for the pleasant affair.

Miss Florence Dunton, president of the Ladies' Aid Society of the church, and Mrs. J. Beryl Stevenson, president of the Missionary Society, joined Mrs. Kelsey and Mrs. Toensmeier in the receiving line.

A large bowl of baby breath, marguerites, coral bell and cornflowers centered the lace covered tea table in the dining room.

Mrs. D. Adrian Yates, Mrs. A. J. Lyle and Mrs. Marvin Dreisbach, chairman of the three aid society divisions, poured. Mrs. Orin W. Dreisbach, president of the Westminster Bible Class, served.

Mrs. Clark Will and Miss Abbe Mills Clarke of the music department and Miss Sadie Brunner of the missionary group assisted during the afternoon.

Shining Light Class Music and readings were included in the program when the Shining Light Bible Class of the United Brethren Church met Thursday in the community house.

Mrs. William Hegele was in charge of the business and devotional hour when plans were made for a bake sale July 3.

Mrs. Effie Albright was in charge of the program which consisted of group singing; reading, "Your Mission," Mrs. A. N. Grueser; piano solo, "Over the Waves," Mrs. Ralph Long; reading, "Children Who Serve," Bolivia Woodward; piano solo, "Crusaders' Song," Bolivia Woodward; vocal duet, "Love of God," Maxine Gray and Wilma Peters; reading, "A Watermelon," Mrs. Iley Greeno and a vocal duet, "Paradise Valley," Miss Gray and Miss Peters. Mrs. John Stevenson, Mrs. Charles Skinner, Mrs. Henry Davis and Mrs. Roy James served lunch during the social hour.

Scioto Grange Scioto School auditorium was beautifully decorated with garden flowers Wednesday when 300 grangers and guests gathered for the meeting of Scioto Grange, the interesting program being presented by Scioto Valley grangers.

Dwight Bethards, worthy master, conducted the ritualistic opening, all officers being in their chairs. Plans were completed for an ice cream and cake social for June 25 at the school, starting at 8 p. m.

The white butter cake contest will be sponsored at the grange meeting which will precede the social.

The count of grangers revealed 87 present from Scioto Valley; 12 from Nebraska; 18 from Washington; 30 from Salt Creek Valley; 12 from Logan Elm; 19 from Star and 64 from Scioto. Joseph Peters, lecturer of Scioto

For Friday, June 20 A RATHER pleasant and progressive day is presaged by the interesting but not powerful chain of planetary aspects. There may be much stirring about in promoting business relations as well as in connection with social, domestic, artistic and emotional aspirations. There may be travel, change as well as a voluminous correspondence in such pursuit, as writings of a finer order are under excellent stimuli for expression. This should prove lucrative one way or another. Friendship figures happily.

Those whose birthday it is may anticipate a year of much happiness and as well a certain modicum of progress and profit. Business as well as personal ambitions are fairly stimulated and friendly, with the social, emotional and higher aspects of living under happy auspices. There may be travel, change and much in the way of correspondence. Writings of a higher nature, concerning art, drama, romance, mystery fiction and kindred effort should be lucrative.

A child born on this day should be versatile, artistic, with outstanding literary or musical talent. It will be socially inclined, popular and friendly.

PHILOSOPHER ON PROGRAM

Kin Hubbard once said something to the effect that Life Bud "was quitting farming, because the wars were too far apart to make a profit that way."

Kin Hubbard isn't so well known by that name, but millions of Americans still remember Abe Martin, the homespun philosopher from Brown County, Indiana.

Hubbard, a country boy who made good in the city, will be the central character of the 165th consecutive episode of "Fortunes Washed Away," the soil erosion drama heard each Saturday at 1:15 p. m.

Brown County is one of the most eroded counties in Indiana, according to Ewing Jones of the Soil Conservation Service who wrote the script. Much of the land is unsuited for farming, a condition which Indiana is taking steps to correct. How the Brown County State Park, famed for its scenic beauty, has taken the place of eroding farmlands that failed to pay their way will be told on the broadcast.

MCCARTHY VISITORS

Charlie McCarthy will have something on the "Ball" when Lucille Ball of the films visits the Chase and Sanborn program on Sunday. What it is, Charlie won't reveal to his most intimate friends.

Another special guest for the night's entertainment will be movie director Alan Dwan. Riot via Abbott and Costello, singing by Donald Dickson, and music by Robert Armbruster's orchestra will cause the half-hour's entertainment to move right along.

This will be Charlie McCarthy's last chance to talk back to Allan Dwan without being "mowed down" through a megaphone. Dwan is producing and directing

the new Charlie McCarthy movie which also features Edgar Bergen. Lou Costello, of the Abbott and Costello team, has changed his attitude toward Charlie McCarthy completely in recent weeks. Lou now calls Charlie, "My pal, McCarthy."

Those present were Mrs. Lawrence Goodman, Mrs. Walter Bumgarner, Mrs. Warren Harmon, Mrs. Earl LeFevre, Miss Mary Ellen LeFevre, Mrs. Joe Shortridge, Miss Mary Shortridge, Mrs. Anderson, Mrs. James Hulse, Mrs. George Fischer, Mrs. Roy Newton, Mrs. Orle Rader, Mrs. Hazel Rader, Miss Letitia Rader, Mrs. Ralph Walters, Miss Harriet and Miss Helen Walters. Miscellaneous Shower Miss Ruth Morris of Salt Creek Township was hostess at a miscellaneous shower and tea honoring Mrs. Joseph Jenkins, the former Ella Mae Spangler, of Tarlton Thursday afternoon. A profusion of garden flowers made the Morris home attractive for the affair. Mrs. Cliff Hedges of Tilton entertained the guests with a reading, "That Old Sweetheart of Mine." Mrs. Jenkins poured when the guests gathered around the tea table for the delightful refreshments. A bouquet of mixed flowers in a silver vase centered the table. Mrs. Jenkins received many lovely gifts from her friends. Those present were Mrs. Hedges, Mrs. Myrtle Reichelderfer, Mrs. Earl Ketterman, Mrs. Berman Wertman, Mrs. Eldon DeLong, Mrs. Robert Bower, Mrs. William

Defenbaugh, Edith Lynn Defenbaugh, Miss Mary Porter, Miss Roanne Ketterman, Mrs. Helen Klasing, Miss Harriet Morris, Miss Judy Spire of the Tarlton community; Mrs. David Dunkle, Circleville; Mrs. Wayne Bowers and Miss Betty Jane Bowers of Laurelville. Euchre Club Mr. and Mrs. Kenneth Riegel of near Cedar Hill were hosts to members of their euchre club Thursday, the usual games being omitted while croquet was played on the two courts on the front lawn. Prizes were won by Mr. and Mrs. Arthur Marshall. A delightful supper was served after the games. The other guests were Mr. and Mrs. Eugene Barthelmas, Circleville; Mr. and Mrs. Eugene Bach, Washington C. H.; Mr. and Mrs. Sterling Poling, Thatcher. Mr. and Mrs. Bach will entertain the group in three weeks. Columbus Luncheon Miss Elizabeth Reber, Walnut Township, whose marriage to Mr. Ralph Dunkel of Cincinnati takes place Saturday, was honored at an informal luncheon Thursday by Miss Mary Adelyn Wilson of Columbus. Covers were placed for Miss Reber, Mrs. Homer S. Reber, her mother, Miss Ann Reber, her sister, Mrs. Joseph Peters, near Ashville; Mrs. Gordon Dunkel, New Holland; Mrs. A. J. Dunkel, Walnut Creek Pike, mother of the bridegroom, and Mrs. J. W. Wilson of Columbus. New Holland Club Mrs. Harold Costlow and Mrs. Merton Tottle were guests when Mrs. Roy Griffith of New Holland entertained the Three T bridge club Thursday at her home. Club prizes went to Mrs. Homer Wright for high score, Mrs. Harry Smith, for low, and Mrs. Roy Stewart, traveling. Mrs. Costlow won the guest high. Lunch was served after the games. Masses of garden flowers in lovely arrangements were used throughout the home. Other club members present included Mrs. Almer Junk, Mrs. Marvin Hosler, Mrs. Loren Chaffin, Mrs. Dudley Briggs, Mrs. Cranston McQuay, Mrs. Floyd James, Mrs. Wilbur Alleman, Mrs. Leslie Tarbill, Mrs. Dudley Roth and Mrs. Russell Ebert. Business Women's Club Installation of officers is set for the meeting of the Business and Professional Women's Club Thursday at 6 p. m. in the club rooms, Masonic Temple. Camp Committee Mrs. Fred Moeller, Mrs. Ralph Curtin, Mrs. John Rhoads and Mrs. George Fissell of the camp committee of Girl Scout Troop 4 attended a regional meeting Thursday at Tar Hollow. Other Circleville guests at the

affair were Mrs. Malcolm Parrett, Mrs. William Gray, Mrs. Harold Defenbaugh, Miss Ruth Stout and Miss Elizabeth Tolbert. Annual Dinner Miss Helen Stout of 217 West Mill Street is in Columbus attending the annual service pin dinner for old employees of the Standard Oil Co., Friday at the Athletic Club. About 150 employees of the Columbus District will be entertained. Bridge Club Mrs. Henry Mader of Pinckney Street entertained her bridge club Thursday three tables progressing during the evening. Mrs. Ella Hornbeck and Mrs. Hervey Swoyer won the score prizes. Mrs. Will Mack will entertain the group in two weeks. Mr. and Mrs. Charles Stebelton of New Holland were Thursday business visitors in Circleville.

STARS SAY—

For Friday, June 20 A RATHER pleasant and progressive day is presaged by the interesting but not powerful chain of planetary aspects. There may be much stirring about in promoting business relations as well as in connection with social, domestic, artistic and emotional aspirations. There may be travel, change as well as a voluminous correspondence in such pursuit, as writings of a finer order are under excellent stimuli for expression. This should prove lucrative one way or another. Friendship figures happily. Those whose birthday it is may anticipate a year of much happiness and as well a certain modicum of progress and profit. Business as well as personal ambitions are fairly stimulated and friendly, with the social, emotional and higher aspects of living under happy auspices. There may be travel, change and much in the way of correspondence. Writings of a higher nature, concerning art, drama, romance, mystery fiction and kindred effort should be lucrative. A child born on this day should be versatile, artistic, with outstanding literary or musical talent. It will be socially inclined, popular and friendly.

PHILOSOPHER ON PROGRAM

Kin Hubbard once said something to the effect that Life Bud "was quitting farming, because the wars were too far apart to make a profit that way." Kin Hubbard isn't so well known by that name, but millions of Americans still remember Abe Martin, the homespun philosopher from Brown County, Indiana. Hubbard, a country boy who made good in the city, will be the cen-

the new Charlie McCarthy movie which also features Edgar Bergen. Lou Costello, of the Abbott and Costello team, has changed his attitude toward Charlie McCarthy completely in recent weeks. Lou now calls Charlie, "My pal, McCarty."

Brown County is one of the most eroded counties in Indiana, according to E. W. Jones of the Soil Conservation Service who wrote the script. Much of the land is unsuited for farming, a condition which Indiana is taking steps to correct. How the Brown County State Park, famed for its scenic beauty, has taken the place of eroding farmlands that failed to pay their way will be told on the broadcast.

MCCARTHY VISITORS

Charlie McCarthy will have something on the "Ball" when Lucille Ball of the films visits the Chase and Sanborn program on Sunday. What it is, Charlie won't reveal to his most intimate friends. Another special guest for the night's entertainment will be movie director Alan Dwan. Riot via Abbott and Costello, singing by Donald Dickson, and music by Robert Armstrong's orchestra will cause the half-hour's entertainment to move right along. This will be Charlie McCarthy's last chance to talk back to Alan Dwan without being "mowed down" through a megaphone. Dwan is producing and directing

MILLERS CLAIM TOP SPOT AGAIN, RED BIRDS LOSE

COLUMBUS, June 20—The turbulent American Association pennant race saw a change in leadership again today, Minneapolis taking over the top spot after a one day's occupancy by Kansas City.

Minneapolis edged Toledo, 5 to 4, while Louisville was shutting out Kansas City, 4 to 0. Columbus lost to St. Paul, 5 to 1, and slipped four games behind the top spot.

The Millers could give credit to their again taking over the top spot to Babe Barna who raced all the way home from second base on an infield out to give the Millers the 10-inning victory. Haefer, Miller twirler, allowed the Mud Hens only seven hits in the 11 frames.

Tex Hughson was the big noise for Louisville. He allowed the Blues only five scattered hits to record the shut out. The win put the Colonels in third place, only a half game out of the lead and only a few percentage points behind second-place Kansas City.

The Columbus Red Birds lost because of inability to hit the offerings of Lefty Ken Raffensberger who was nicknamed for only six safeties. Pete Hader was the losing hurler.

In the other league tilts last-place Milwaukee finally recorded a victory, and a double one at that. The Brewers defeated seventh-place Indianapolis, 4 to 3, in the first game and 7 to 2 in a night-cap.

Louis May Lose Bout; Uncle Sam to Be Victor

By Jack Mahon

NEW YORK, June 20—The story is out that Heavyweight Champion Joe Louis fears a return bout with Billy Conn or a possible September match with the only heavyweight challenger he hasn't yet met, Lou Nova. This is to inform the cynics that Mr. Louis fears neither but may soon find himself over-matched with a bewhiskered old gentleman you might have heard of by the name of Uncle Sam. Louis, we learned yesterday, may very well be drafted before the falling leaves of autumn have hurt themselves.

Joe is in class 3A, of the deferred group of draftees, according to his Chicago board but, his Managers Julian Black and John Roxborough revealed yesterday, he had had his questionnaire and more than a few questions.

Roxborough, interviewed at Promoter Mike Jacobs' 20th Century Sporting Club offices, revealed that, Mrs. Marva Trotter Louis, Joe's wife, had been called to the Chicago draft office this week to explain just why Louis should not be called to the colors.

Louis has his wife, mother and a sister listed as dependents but, with a gross income of a million-dollar, could not exactly be expected to escape military responsibilities. Joe has a rough \$250,000 sunk in a Michigan Dude ranch, but the \$160,000 odd iron men he picked up in Wednesday night's battle with Billy Conn all but rubbed that investment off and made him a very vulnerable military target.

Fight Then Rest

Black said Joe would fight once in September and then, if victorious, rest. There will be no other outdoor fights for the champion if his managers have their way. Neither Black nor Roxborough acted as if they expected Joe to be drafted but both, significantly made frequent references to the interest the draft board had shown in Louis' case.

"Will Joe ask for a deferment if called," queried one of the reporters. "No, he won't," answered Black promptly. "He is not asking any favors."

While Joe was resting in his New York hotel, his managers and Promoter Jacobs conferred on the future plans of the Brown Bomber. Both Jimmy Johnston and Ray Carlan, respective managers of Abe Simon and Lou Nova, appeared, as if by magic, to try to cement matches for their boys with the champion—but both wound up with nothing more than laryngitis.

Johnston, who had expected to have Simon in there with the champ on July 23, finally appeared and said he thought, Abe, Conn, Nova and Buddy Baer should fight it out for the right to meet Louis in September.

Brother Carlan died a thousand deaths when Jacobs asked if he would agree to have Nova fight Abe Simon in July. "We want Louis and only Louis," said Ray. "Nova is the only fighter who hasn't had a chance at him." Ray also vetoed a rumor that Mike would ask Nova to battle Conn for the right to the September title shot.

ODELL HALE TO JOIN NEW YORK GIANT TEAM

BOSTON, June 20—O'Dell "Bad News" Hale, whose big bat once threw fear into the hearts of American League pitchers, is a National League today.

MILLERS CLAIM TOP SPOT AGAIN, RED BIRDS LOSE

COLUMBUS, June 20—The turbulent American Association pennant race saw a change in leadership again today, Minneapolis taking over the top spot again after a one day's occupancy by Kansas City.

Minneapolis edged Toledo, 5 to 4, while Louisville was shutting out Kansas City, 4 to 0. Columbus lost to St. Paul, 5 to 1, and slipped four games behind the top spot.

The Millers could give credit to their again taking over the top spot to Babe Barna who raced all the way home from second base on an infield out to give the Millers the 10-inning victory. Haefer, Miller twirler, allowed the Mud Hens only seven hits in the 11 frames.

Tex Hughson was the big noise for Louisville. He allowed the Blues only five scattered hits to record the shut out. The win put the Colonels in third place, only a half game out of the lead and only a few percentage points behind second-place Kansas City.

The Columbus Red Birds lost because of inability to hit the offerings of Lefty Ken Raffensberger who was nicked for only six safeties. Pete Hader was the losing hurler.

In the other league tilts last-place Milwaukee finally recorded a victory, and a double one at that. The Brewers defeated seventh-place Indianapolis, 4 to 3, in the first game and 7 to 2 in a night-cap.

Louis May Lose Bout; Uncle Sam to Be Victor

By Jack Mahon

NEW YORK, June 20—The story is out that Heavyweight Champion Joe Louis fears a return bout with Billy Conn or a possible September match with the only heavyweight challenger he hasn't yet met, Lou Nova. This is to inform the cynics that Mr. Louis fears neither but may soon find himself over-matched with a bewhiskered old gentleman you might have heard of by the name of Uncle Sam. Louis, we learned yesterday, may very well be drafted before the falling leaves of autumn have hurt themselves.

Joe is in class 3A, of the deferred group of draftees, according to his Chicago board but, his Managers Julian Black and John Roxborough revealed yesterday, has had his questionnaire and more than a few questions.

Roxborough, interviewed at Promoter Mike Jacobs' 20th Century Sporting Club offices, revealed that Mrs. Marva Trotter Louis, Joe's wife, had been called to the Chicago draft office this week to explain just why Louis should not be called to the colors.

Louis has his wife, mother and a sister listed as dependents but, with a gross income of a million-odd dollars, could not exactly be expected to escape military responsibilities. Joe has a rough \$250,000 sunk in a Michigan Dude ranch, but the \$160,000 odd iron mine he picked up in Wednesday night's battle with Billy Conn all but rubbed that investment off and made him a very vulnerable military target.

Fight Then Rest

Black said Joe would fight once in September and then, if victorious, rest. There will be no other outdoor fights for the champion if his managers have their way. Neither Black nor Roxborough acted as if they expected Joe to be drafted but both, significantly made frequent references to the interest the draft board had shown in Louis' case.

"Will Joe ask for a deferment if called," queried one of the reporters.
 "No, he won't," answered Black promptly. "He is not asking any favors."

While Joe was resting in his New York hotel, his managers and Promoter Jacobs conferred on the future plans of the Brown Bomber. Both Jimmy Johnston and Ray Carlan, respective managers of Abe Simon and Lou Nova, appeared, as if by magic, to try to cement matches for their boys with the champion—but both wound up with nothing more than laryngitis.

Johnston, who had lapped to have Simon in there with the champ on July 23, finally appeared and said he thought, Abe, Conn, Nova and Buddy Baer should fight it out for the right to meet Louis in September.

Brother Carlan died a thousand deaths when Jacobs asked if he would agree to have Nova fight Abe Simon in July. "We want Louis and only Louis," said Ray. "Nova is the only fighter who hasn't had a chance at him." Ray also vetoed a rumor that Mike would ask Nova to battle Conn for the right to the September title shot.

ODELL HALE TO JOIN NEW YORK GIANT TEAM

BOSTON, June 20—O'Dell "Bad News" Hale, whose big bat once threw fear into the hearts of American League pitchers, is a National Leaguer today.
 "Bad News," one-time third baseman for the Cleveland Indians, was sold by the Boston Red Sox to the New York Giants in a straight cash deal.

Hale saw little service with the Red Sox this season appearing mostly as a pinch hitter. He compiled a .208 average—rapping out five hits in 24 times at bat.

HEROES AND GOATS

Heroes: Charley Keller, Yanks, who hit homer with bases loaded against White Sox. Jim Bagby, Indians, who pitched six hitless innings.

Goats: Ed Smith, White Sox, routed by Yanks. Bill Beckman, Athletics, slaughtered by Indians. Claude Passeau, Cubs, routed by Dodgers. Tommy Bridges, Tigers, shelled by Red Sox.

BULLA AND BYRD LEADING PACK IN TOLEDO TOURNEY

INVERNESS COUNTRY CLUB, TOLEDO, June 20—A couple of cocky newcomers, Johnny Bulla and Sammy Byrd, today looked down at the veterans in the seventh annual \$7,000 Toledo Inverness Round-Robin best-ball classic and taunted, "well, here we are boys come and get us." But the gallery of some 10,000 fans were not listening to the idle chatter, they were looking forward to the "fued" match today between the talkative Bulla and Ralph Guldahl—a feud that has taken on the proportions of the Hatfields and McCoy's.

Bulla and Byrd, currently leading the unique 126-hole match-play tourney with a plus three score, were scheduled to tangle with Guldahl and his partner, Ernie "Dutch" Harrison in the main match on today's double 18-hole schedule. And both Bulla and the moody Guldahl were confident of "showing that guy who knows how to play this game of golf."

As the teams turned into the grueling three day grind which includes 36 hole match play today, Saturday and Sunday, veterans Lawson Little and Horton Smith were second behind the Bulla-Byrd team with plus two while Guldahl and Harrison were next with plus one.

DIMAGGIO'S HIT STREAK TO FACE ANOTHER TEST

NEW YORK, June 20—The Tigers are in town today to see what they can do about stopping two of the most interesting hitting streaks now current in the Major Leagues.

One is the Yankee home run spurge which has now run through 15 consecutive games and the other is the personal streak of jolting Joe DiMaggio who now has hit safely in 32 consecutive games and is only nine games away from George Sisler's all-time record of 41 games.

Joe's bat alone would have kept both records intact yesterday as he had a perfect day with a homer, two singles and a walk. But he had some potent help from Charley Keller who blasted a homer with the bases fully tenanted as the Yanks trounced Ed Smith and the White Sox, 7-2, behind the five-hit pitching of Marvin Breuer.

The Yanks will need all the power they can generate hitched to some good pitching

Pumpkin Show Directors Start Planning Festival

Meeting Monday Evening
At 8 May Get Ball
Rolling Again

MANY PROBLEMS FACED
Discussion Of Premiums To
Be Important; Free Acts
Still Pending

Pumpkin Show directors will start the wheels for the 1941 show rolling when they meet next Monday at 8 p. m. in the Council chamber.

Mack Parrett, secretary of the Pumpkin Show Society, called the meeting after conferring with President W. B. Cady and Treasurer Robert Colville, both of whom felt that a meeting should be held and premium lists set up as soon as possible to get the show off to a good start.

The premium list subject probably will make up a considerable portion of Monday night's discussion. Show directors at one of their meetings early this year decided that premium lists in some departments of the show were too high and voted to cut a part of the awards in all departments but the Junior Fair division. Premiums for the Junior Fair last year amounted to \$912.16 and the whole Junior show cost the Pumpkin Show Society approximately \$1,600. Show directors believe, however, that the Junior Fair Livestock show and sale was one of the outstanding features of last year's event and they are expected to encourage increased activity in the junior groups this year.

With the livestock clubs in the 4-H reporting an enrollment of 30 members with thirty-seven head of livestock, and with livestock prices higher than those of last year, the livestock show and sale are expected to head the list of Junior Fair activities. County Agent F. K. Blair reports that the quality of livestock owned by club members is usually good this year.

Free Acts Discussed
A controversial subject which show directors are almost sure to discuss Monday night is the question of promoting free acts this year. Directors are split in opinion over the value of free acts to the show some believing that they are one of the best attractions of the event and others maintaining that local talent shows and contests could easily take their place at lower expense and greater interest to the public.

Directors will start their Pumpkin Show program this year with a little more revenue in the treasury than they had in 1940. Profits last year totaled approximately \$250, with total receipts running to almost \$8,400. Under the budget system adopted by show directors each department head will keep an accurate account of his receipts and expenditures. Such a program will assure the show of bigger profits, directors believe.

Secretary Parrett announced Friday that already he had sold \$370 worth of space, most of it near the Court-Main Street intersection.

The 1941 show will be held October 8, 9, 10, and 11.

YOUTH, 14, SAVES CHILD DROWNING IN SCIOTO RIVER

COLUMBUS, June 20—Fourteen-year-old Robert Dear was hailed as a hero today for saving an eight-year-old boy from drowning in the Scioto River.

When Patrick Simmons, slipped and plunged into churning waters below a dam, Robert swam about 100 feet from the river bank where he had been fishing and grabbed the unconscious Simmons boy.

After towing the younger boy to shore, the Dear boy stretched the victim on the ground and applied artificial respiration until the inhalator squad arrived. Patrick was in good condition today.

The charter for the college of William and Mary was granted by King William and Queen Mary on February 8, 1693.

ASHVILLE

By S. D. Fridley
Ashville, Phone 79

Mayor-Band Director Fred Hines along with his band organization members held their first band concert and dance at the park Wednesday evening, and just saying that it was an enjoyable affair with everybody pleased and happy is putting it mildly. These concerts and dances are to continue through the summer months we are told. And with the six recreation ball teams and a regulation one all in operation and the Fresh Air picture show too, exhibiting its wares on Thursday evenings, there will be "right smart a doing" and not so dull.

The Bible School attendance at the Methodist church Sunday school room, is on the "up and up" there being 70 pupils present yesterday morning. Another teacher is to be added to the present teaching staff, so the Rev. Woodworths, sponsor of the plan, told us. Today, Friday, ends the school for this week. It will be continued through next week with the attendance hour periods same as this.

The pet squirrel brought to the Cooper bird-animal sanctuary from his wooded home when just a tiny thing, losing mother by the shotgun route, nursed and fed through to full growth, is now somewhere on his own, leaving the home playgrounds yesterday. May miss the fine eats he was used to and be back for more.

Over at the Pea cannery Thursday evening and everybody was plenty busy getting through the canning equipment the finest of "sweets" as they called them, a large late variety. From Meinhard Crites himself, we got the word that pea canning would be completed in about another week. "These rains were just what the late crop needed and the quality was never better" is something near what he told us, and seeing the "goods" as we did, it is easy to believe just that.

The kid ball team was all "fussing up" and pleased over the "cleaning" as they called it, they had given the County Seat young-

FRUIT OUTLOOK IN STATE GOOD

Peaches Top List; Summer Apples To Be Heavy; Cherry Size Cut

COLUMBUS, June 20 — Prospects for the 1941 Ohio Fruit crop are good but there will be considerable variation in yields in various sections of the state, according to F. H. Beach, specialist in horticulture, Ohio State University.

Peaches top the list in promise, with the probability of a full crop in the state for the first time in several years. There is a little gloom ahead for Ohio peach growers, however, because the crop in the southern states also will be large, with a consequent depressing effect on prices.

A medium to heavy crop of summer apples is expected throughout the state. There was some frost damage in the eastern third of the state. The crop will exceed that harvested in 1940 and will mature at approximately the same time in the whole state.

Southern, central and northwestern Ohio appears to be producing the best crop of winter apples. The eastern half of the state had the prospective yield cut half or more by frost in many orchards. The state crop may be larger than that for last year but will not be as heavy as those produced in 1937 and 1939.

There will be a medium to heavy crop of sour cherries in northern Ohio and a good crop in the rest of the state. The lack of rain reduced the size of this fruit. Grapes were badly damaged by frost and the crop will be considerably below average. Strawberry yields were severely reduced by dry weather although some recovery was made the latter part of May and in early June. The plum crop should be better than that grown in 1940.

TWO GUNMEN DIE FOR MURDERING MAN IN TAVERN

CHICAGO, June 20—Orville Watson, 31, and Edward Riley, 27, were electrocuted early today at the Cook County jail for the slaying of Alex Ferguson, an elderly bystander, in a tavern hold-up May 3, 1939.

Neither man said a word as he was led into the death chamber. Watson, the first to die, walked up to the electric chair unassisted, calmly surveyed the almost 100 witnesses, and was seated in the electric chair at 12:05 a. m. He was pronounced dead six minutes later.

Riley, his lips set in a firm line, marched silently to the chair at 12:18, and was pronounced dead at 12:25.

The killers had won several reprieves after their convictions almost two years ago. Both sought commutations of their death sentences with insanity pleas, but a final appeal for a stay was denied them yesterday after alienists testified they were sane.

The word "clabber" is derived from the Irish "claba," meaning thick mud. An old provincial name for milk in the process of souring was "bonnyclabber," "bonny" being an adaptation of the Irish "Bainne," meaning milk.

The score 27 to 2. We tried to make 'em believe there was no honor in stealing a game like that.

Pumpkin Show Directors Start Planning Festival

Meeting Monday Evening
At 8 May Get Ball
Rolling Again

MANY PROBLEMS FACED

Discussion Of Premiums To
Be Important; Free Acts
Still Pending

Pumpkin Show directors will start the wheels for the 1941 show rolling when they meet next Monday at 8 p. m. in the Council chamber.

Mack Parrett, secretary of the Pumpkin Show Society, called the meeting after conferring with President W. B. Cady and Treasurer Robert Colville, both of whom felt that a meeting should be held and premium lists set up as soon as possible to get the show off to a good start.

The premium list subject probably will make up a considerable portion of Monday night's discussion. Show directors at one of their meetings early this year decided that premium lists in some departments of the show were too high and voted to cut a part of the awards in all departments but the Junior Fair division. Premiums for the Junior Fair last year amounted to \$912.16 and the whole Junior show cost the Pumpkin Show Society approximately \$1,600. Show directors believe, however, that the Junior Fair Livestock show and sale was one of the outstanding features of last year's event and they are expected to encourage increased activity in the Junior groups this year.

With the livestock clubs in the 4-H reporting an enrollment of 30 members with thirty-seven head of livestock, and with livestock prices higher than those of last year, the livestock show and sale are expected to head the list of Junior Fair activities. County Agent F. K. Blair reports that the quality of livestock owned by club members is usually good this year.

Free Acts Discussed

A controversial subject which show directors are almost sure to discuss Monday night is the question of promoting free acts this year. Directors are split in opinion over the value of free acts to the show some believing that they are one of the best attractions of the event and others maintaining that local talent shows and contests could easily take their place at lower expense and greater interest to the public.

Directors will start their Pumpkin Show program this year with a little more revenue in the treasury than they had in 1940. Profits last year totaled approximately \$250, with total receipts running to almost \$8,400. Under the budget system adopted by show directors each department head will keep an accurate account of his receipts and expenditures. Such a program will assure the show of bigger profits, directors believe.

Secretary Parrett announced Friday that already he had sold \$370 worth of space, most of it near the Court-Main Street intersection.

The 1941 show will be held October 8, 9, 10, and 11.

NEW HOLLAND DISTRICT MAY ADD NEW PUPILS

Fayette County Board of Education is considering whether to transfer pupils of Cisco school, recently abandoned by the Wayne Township Board of Education, to the New Holland or the Good Hope District.
The school, built in 1913, was abandoned because there are fewer than 40 pupils, thus eliminating state aid.
